65th Annual Rallye Glenwood Springs, June 9-11, 2017

The MG Car Club - Rocky Mountain Centre invites you to join us for the 65th Annual Rallye Glenwood Springs, the oldest continually-held time-speed-distance rally in the United States, on Friday, Saturday, and Sunday, June 9,10,11, 2017.

The weekend is a marvelous opportunity, not just for MG owners, but for sports car enthusiasts of every marque (British, American, German, Italian, Japanese) to come together for sunny days, cool nights, and unique events. The fun begins on Friday with the Rallye Glenwood Springs, a time-speed-distance rally to challenge both novice and experienced rallyists, from the Denver suburb of Lakewood, rallying through canyons and over mountain passes in the heart of the Rocky Mountains to the scenic resort town of Glenwood Springs. Saturday's main event is a scenic road tour. Again this year is a youth tour so that your kids will have their own tie-breaker questions to answer. Spend the day winding through the beautiful mountain valleys around Glenwood Springs. The weekend culminates with a social gathering Saturday night and the Car Show, Funkhana, and Awards Presentation on Sunday.

Since its inception, the MGCC-RMC has sponsored the Rallye, which began when a hardy group of sports car owners discovered the joys of motoring in Colorado in MGs that still had drop-down tops and running boards. The Rocky Mountains of central Colorado, with some of the most breathtaking scenery in America, formed the backdrop for the Rallye Glenwood Springs through 64 previous years. Vintage and classic cars from as far away as California and Illinois have shared the twisting mountain roads with their newer counterparts for octane-related festivities. Enthusiasts have come from as far away as England to drive their sports cars through such fabled Colorado mining towns as Leadville and Aspen on their way to Glenwood Springs.

Additional information and registration forms are available on the MG Car Club, Rocky Mountain Centre website at www.mgcc.org. You can contact the Registrar Pam Frakes at 303-748-9773 or Publicity Chairman Joe Gunderson at 303-791-4902 or email at glenwoodrallye2017@gmail.com.

EVENT LODGING

The host hotel for the 2017 Rallye Glenwood Springs will once again be the Courtyard Marriott. For those who want to clean off the road grime from the car from the trek up, we will have a wash area at the hotel on Friday afternoon and Saturday afternoon. We look forward to seeing all of our friends, acquaintances (and their cars) to swap car stories and lies once again. For out of town participants needing a place to stay Thursday night, we recommend La Quinta Inn in Westminster.

Rooms must be guaranteed with Credit Card or Prepayment.

THE FRIDAY RALLYE

MIMI'S CAFE, 14265 W COLFAX AVE. LAKEWOOD, CO 80401
FIRST CAR DEPARTS AT 8:01 a.m.

This year's Rallye will be a traditional Time Speed Distance (TSD) Rallye. The rallyemasters have avoided hard-to-see signs and other annoyances to ensure a fun and challenging rallye experience.

A clipboard, pen/pencil and paper, stop watches and a well-read copy of the Rallye General Instructions will be helpful. Please visit the MGCC.org website to read the Rallye General Instructions and the Rallye Primer. An experienced rallyist will be available at the start location to answer questions.

The route is anticipated to stay on paved roads, although some well-maintained unpaved roads may be encountered. All assigned speeds will be at or below posted speed limits. There will be breaks along the route, including a lunch break.

Rallye Classes

Novice SOP (Seat of the Pants) – Rallyists are eligible for Novice Class until they win a First Place, or have competed in THREE TSD Rallyes. Pencil and paper calculations only.

Intermediate SOP – Rallyists are eligible for Intermediate Class until they have won First Place twice in Intermediate Class. Pencil and paper calculations only.

Experienced SOP – No limit on experience. Pencil and paper calculations only. Rallye Charts and Tables are permitted.

Vintage – Any equipment must be period correct. Cars must be forty years old or older (1977 or older).

Computer – No limit on equipment.

Participants are expected to properly determine their Rallye Class, and enter it on their scorecard. Failure to indicate your class on the scorecard will place you in Experienced SOP Class.

Trophies will be awarded in First - Fourth places in Novice and Intermediate Classes, and First - Third Places in Experienced, Vintage, and Computer Classes.

THE SATURDAY TOUR

SATURDAY, 7:30 TO 9:00 a.m.
Courtyard Marriot, Glenwood Springs

The Saturday Tour may be started at your leisure.

Tour instructions to be provided with your Saturday pick-up.

Join us Saturday for a delightful drive in some of Colorado's beautiful mountains, valleys and canyons. The Tour will start from Courtyard, Glenwood Springs, traveling over paved roads and will avoid Interstate highways where feasible. To keep minds sharp during the tour, a series of questions will be asked concerning items encountered along the way. If you have passengers below driving age, a separate Kid's Tour is available upon request at the sign in table. Suggested departure time for the tour is between 8:00 and 9:00 Saturday morning.

Tour Classes

You can only enter one class.

There are three Tour classes dependent on the automobile being driven. The MG class is for all MG vehicles driven on the tour. The Historic Class is for cars, including MG's, made before 1970. The Modern Class is for all non-MG cars made from 1970 on. Three trophies will be presented for each class as well as one Kid's Tour trophy.

THIS YEAR'S FEATURED MG

THE MGC ROADSTER AND GT

We are celebrating the 50th Anniversary of the MGC Roadster and GT during the Rallye Glenwood Springs. The 6 cylinder, 2912cc, 145 bhp, MGC was introduced at the 1967 London Auto Show and was the first production MG to have metallic paint offered. A total of 9002 MGCs were produced (N.A. export 4256: Roadsters 2483 and GTs 1773). Total # of Automatic Transmissions fitted 1320 (N.A. export 937: Roadsters 453 and GTs 484)

The MGC was based on the MGB and intended as a replacement for the Austin-Healey 3000. MG did it's best to fit the heavier C-series engine into the MGB body shell. The chief concern was placing the engine as far back in the car as possible to maintain weight balance and to allow space for the optional automatic transmission. The design had the engine sitting forward in the engine bay giving the MGC a weight balance of 53%/47%. (MGB 51/49)

To accommodate the engine, some changes had to be made to the unibody construction and mechanics of the MGB. Outside, the most obvious changes are the bulge in the bonnet and the 15 inch wheels, most of which are wire. The bonnet bulges provide clearance for the top of the engine, the larger radiator, and carburetors.

The MGB front cross member was replaced with a deep "U" design to clear the oil sump on the bottom of the engine. The MGC front suspension is changed from the MGB coil spring set-up to a lower arm connected to a torsion bar as the springing method. The torsion bar runs front to back, to a mounting point below the front seats, to transfer the suspension stresses back to the midline of the reinforced unibody. The rear suspension has a stronger rear axle commensurate with the increase in power and the front and rear spring rates were increased to handle the extra power and weight. In 1967 MG upgraded to an all synchromesh transmission and an optional automatic transmission for the B and C.

Please join us Friday evening at the hotel to see our MGC Owners and cars! We will have many opportunities to celebrate our cars and friendships during the weekend.
