If you have kids in the car they received the kid's questions for the tour. Please do not help them, they too will receive awards for winning. Driving directions will be noted with a "D". All questions are worth 1 point, unless marked otherwise. We ask that you not use computers, smart phones or any electronic fruit. Remember 63 years ago the internet did not exist. There will be tie breaker questions at the end. The tour is approximately 100 miles so you will have plenty of time to get out of your car to look around and have lunch.
